## Current Training Seminars

### Primary Classroom Teachers and EAL Co-ordinators

#### **Practice and Pedagogy (CTT1) (9:15 am to 12:15 pm)**

A practical session looking at the pedagogy of learning combined with the creation of practical resources.

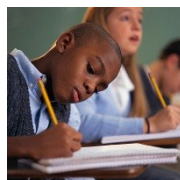

Each session consists of understanding the language for learning and the language of learning.

Using language modelling and understanding how children develop linguistic links that support cognitive development.

Developing EAL in special needs and for gifted and talented pupils.

### Primary Teaching and Language Assistants

#### **Supporting EAL learners in the Primary classroom (TCA1) (1:15 pm to 3:15 pm)**

Practical tips on working with additional language learners (ALL) and how to create bilingual/dual language games and books.

The session looks at the theory of how games work and how to create them.

The session will look at practical resources that can be made in seconds, used many times and supports learning at a range of levels.
